

Feed A Family Sponsor Application

* Indicates required question

Sign-up to Feed A Family!

We are calling on local faith communities, organizations, and individuals with financial capacity to sign up to "**Feed A Family**." This program will involve:

- (1) Signing for one (or more) critically vulnerable refugee families, based on your financial capacity.
- (2) Grocery shopping weekly, and delivering the items to the family's home OR providing the family with grocery gift cards.
- (3) Making a 3, 6, or 12-month commitment to the family(ies) you sign up for.

You will be given a list of items the family needs and will need to shop according to that list.

Please fill out this form in it's entirety.

Once you submit your form, we will add you to the database of sponsors. When we receive referrals from caseworkers, we will assign those families to those who have signed up via this form. If you have a family you specifically want to sponsor, please indicate so in the question in this application that asks for preferences.

Please note that it *may* take weeks (or even months) before you are assigned your family. This is new and evolving situation, and we will assign families as soon as they come in. If you sign-up for more than one family, you might get assigned a family right away, but your second or third family might take weeks or longer.

Please note that **this is a serious commitment**, and you must be able to carry out the duties, both financial and physically (shopping + delivering OR delivering grocery gift cards). Families will be depending on you. **You cannot miss a week.**

9. Based on the chart above, how many families, and what size, can you realistically sponsor (financially, logistically, physically)? Please mark "0" next to every household that you do not want to/cannot sponsor. *

Example: if you are part of a larger faith group and you want to sponsor a larger family and not a smaller one, please choose "0" for all the smaller household(s) that are below your targeted threshold.

Note: You will not be assigned a family larger than your largest choice. For example, if you choose a "4 person household" you could be assigned a house hold sized 1 to 4 people, based on what referrals are coming in. Unless you choose "0" for smaller households, and then we will not assign you household smaller than you largest number.

Check all that apply.
