Notice of Intent to Terminate Refugee Status

Re: [A#]

Dear [Name]

The purpose of this letter is to notify you of the intent of U.S. Citizenship and Immigration Services (USCIS) to terminate the refugee status you were granted upon admission on []. The sole basis for terminating the status of an alien admitted to the United States as a refugee under section 207 of the Immigration and Nationality Act (Act) is a determination that he/she was not a refugee within the meaning of Section 101 (a) (42) of the Act at the time of his/her admission. See Matter of Garcia-Alzugaray - 19 I&N Dec. 407 (BIA 1986) and INA 207(c)(4). Section 101(a)(42) of the Act states in pertinent part:

The term "refugee" means any person ... who is unable or unwilling to return to, and is unable or unwilling to avail himself or herself of the protection of, that country because of persecution or a well-founded fear of persecution on account of race, religion, nationality, membership in a particular social group, or political opinion ...

Following post-admission review and reverification of your case, available evidence indicates you did not meet the definition of a refugee under the Act at the time of your admission to the United States. [If applicable -- "You were requested to attend a post-admission reinterview to establish certain elements of your refugee case that did not meet the standard of proof at the time of your initial interview and adjudication."]

[Past Persecution]

[SAMPLE -- Past Persecution Not Established]

On [date], you were interviewed in [country] by USCIS. Your original approval of Form I-590 was based on claims of past persecution and a well-founded fear of future persecution in your country of origin. [I]. In support of your claim of past persecution, during your refugee processing interview, you indicated that [I]. Your claim of well-founded fear was based on [I]. However, the available evidence does not sufficiently establish all the required elements of past persecution or a well-founded fear.

For refugee cases, past persecution is established when an applicant demonstrates that they have suffered significant harm or mistreatment in their country of origin on account of one or more of the five protected grounds: race, religion, nationality, membership in a particular social group, or political opinion. The harm must be substantial,

⁴¹ On October 14, 2026, DHS noticed an Interim Final Rule (IFR), reducing refugees' time to respond to Notices of Intent to Terminate their Refugee Status from thirty days to ten days. NOI's issued on or after October 14, 2026 are expected to contain different language regarding deadlines.
